## SMALL CITIES SUPPORT NETWORK

### QUESTIONS & ANSWERS

**Q: What is the purpose and goal of this program?**

A: The mission of this group is to further meet the specialized operational needs of smaller cities through networking and collective self-help. It is hoped that this new program will help LOC identify needed training programs and services for small cities in Oregon.

**Q: What is the difference between the regional support teams and the Small Cities Council?**

A: The regional support teams are made up of the participating cities in the 8 regions. Each team appoints a representative to serve on the Small Cities Council. Based on the discussions by the regional teams, the council creates information and makes recommendations to LOC on how to respond to these needs and issues.

**Q: Is there a fee for participating?**

A: No, this service is provided to smaller cities as a regular LOC program.

**Q: Is this program for city staff or elected officials?**

A: Regional teams will discuss day-to-day operations and administration which will be most beneficial to staff.

**Q: How many people from a city can participate?**

A: A city may appoint more than one representative if desired.

**Q: Where will the meetings be held?**

A: This decision will be left to each individual region. Teams will likely pick central locations or take turns hosting the meetings in various parts of the region.

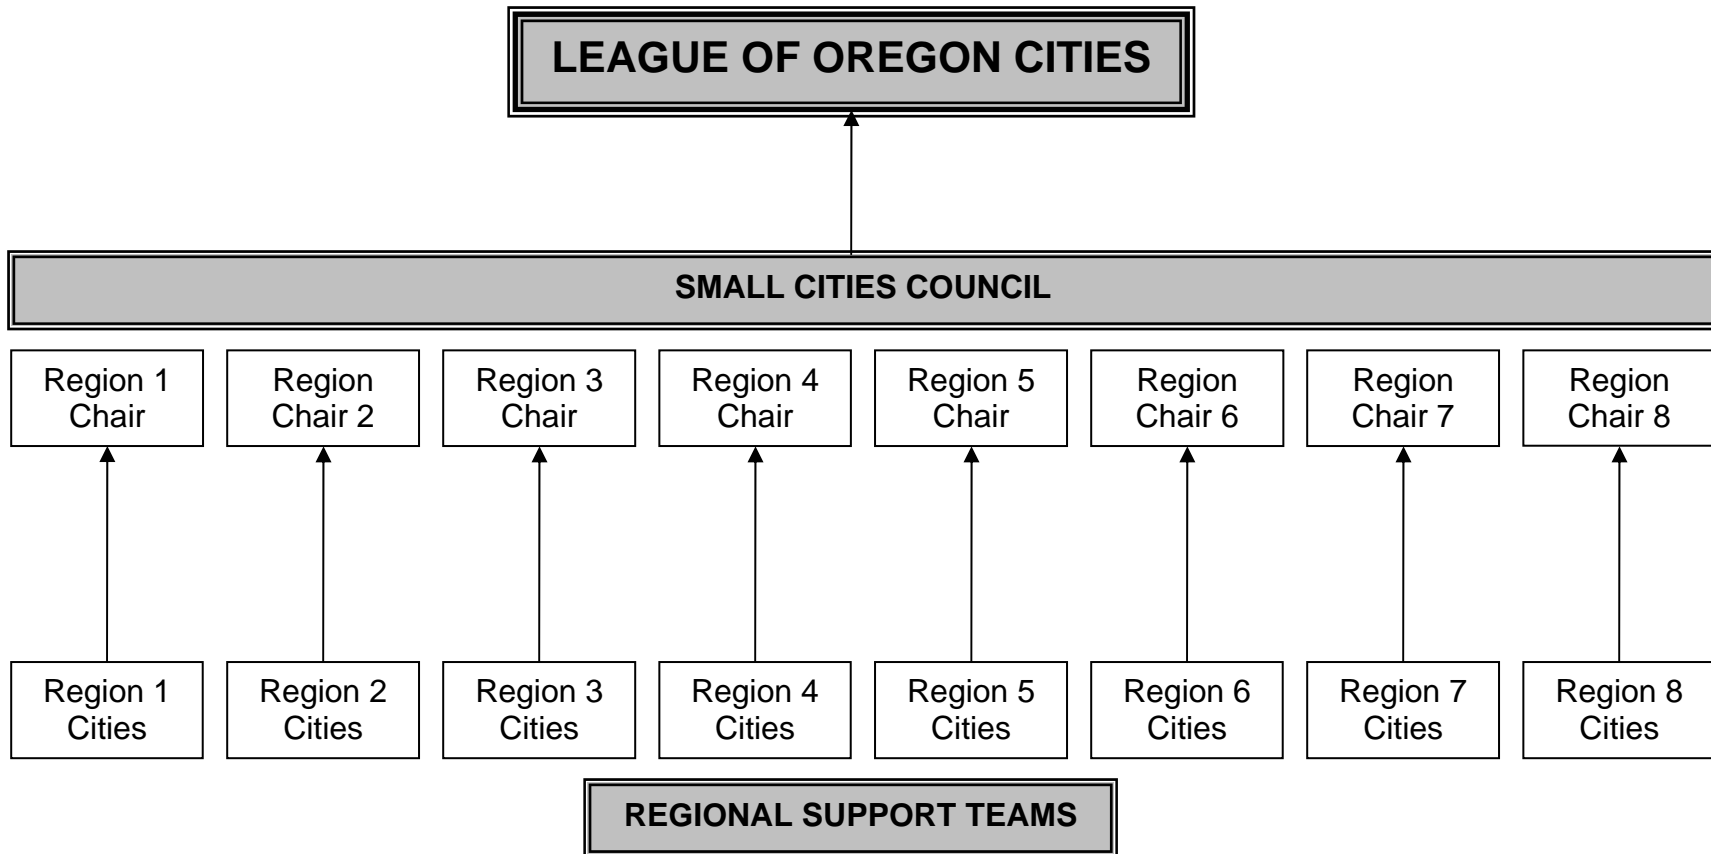

**Q: What if I cannot travel to a regional meeting or Small Cities Council meetings?**

A: Conference calling will be available for those who wish to participate in regional and Small Cities Council meetings.

**Q: How often will the regional support teams meet?**

A: The regional support teams will meet periodically, depending on the desires of each region. The Small Cities Council will meet quarterly.
